EXAMINER'S AMENDMENT

1. In the Ex Parte Quayle, mail date February 9, 2006, Applicant was advised **Claims 1-11** were allowable, but for the presence of **Claims 12-27** directed to an invention non-elected with traverse in the reply filed on November 7, 2005. Applicant was given ONE MONTH or THIRTY DAYS from the date of the Ex Parte Quayle, mail date February 9, 2006, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Applicant was advised, failure to take action during this period would be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) would not be permitted since this application would be passed to issue. The prosecution of this case is closed except for consideration of the above matter.
2. As of August 14, 2006, Applicant has failed to take appropriate action during the aforementioned period of time. Therefore, Examiner will cancel the noted claims, **Claims 12-27**, by Examiner's Amendment.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 12-27 have been cancelled from this application.

4. The following is an examiner's statement of reasons for allowance: The prior art does not suggest or teach a treatment device having an antimicrobial sheet material having a first layer of gel composition including a block copolymer and a mineral oil, and a second layer engaging at least one side of said first layer, said second layer containing a bactericidal metal; and a means for retaining said antimicrobial sheet material in a selected position in a body cavity of a user.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
